

Our Earth, Our Home!

A good planet is hard to find. It's the only home we have.
Let's protect it and celebrate all the wonders it gives us.

WEEKEND PROGRAMME

Saturday 7, 14, 21 & 28 May
9:00 - 16:30

Kindly note that the CTSC is closed on Sundays.

Join us at the Cape Town Science Centre every Saturday during May for Hands-On, Hearts-On, Minds-On SCIENCE!

THE SCHEDULE

SATURDAY, 7 MAY

11:00	Workshop: Toys from Trash
12:00	Camera Obscura
13:00	Science Show
13:30	Camera Obscura
14:30	Demo: Eco Bricks

SATURDAY, 14 MAY

11:00	Workshop: Bird Feeder
12:00	Camera Obscura
13:00	Science Show
13:30	Camera Obscura
14:30	Demo: Under water lungs

SATURDAY, 21 MAY

11:00	W/shop: Homemade Bee Hotel
12:00	Camera Obscura
13:00	Science Show
13:30	Camera Obscura
14:30	Demo: Paper Plants

SATURDAY, 28 MAY

11:00	Workshop: I Love Earth
12:00	Camera Obscura
13:00	Science Show
13:30	Camera Obscura
14:30	Demo: The Water Cycle

HANDS-ON WORKSHOPS:

Suitable for Age 6+

Toys from Trash

To help clean up the Earth, why not use your trash to make a cool toy with it. Join us in this hands-on workshop to make some cool simple toys.

Time: 11:00

Cost: Entry fee only (bring an empty plastic bottle with a lid if you have one)

Bird Feeder

Birds are amongst the greatest creatures on Earth. Let's do our part in providing them with a reliable source of food, right in our back yard. Join this workshop to make your very own bird feeder, and a bonus, we will be using reusing milk cartons instead of throwing it out.

Time: 11:00

Cost: Entry fee only (bring an empty cardboard milk carton if you have one)

Homemade Bee Hotel

Bees play a big role in pollinating our plants to give us lovely fruits and vegetables. It is scary to think that these creatures are one of the many species on the endangered species, so let's do our part by building them a simple habitat where they can find

Time: 11:00

Cost: Entry fee only (bring an empty open can if you have one)

I Love Earth

This year's annual Earth Day let's remind ourselves to be kind to the Earth and show some love while making cool optical illusion toy to take home.

Time: 11:00

Cost: R15 + entry fee

DEMONSTRATIONS

Suitable for the whole family

Eco Bricks

Building bricks made from unrecycled trash? Join this hands to demonstration to learn more about eco-bricks and even make one yourself to aid in our big project to build a structure.

Time: 14:30

Cost: Entry fee only

Plastic bottles and other dry recyclable materials can be brought to the CTSC throughout the month which we'll use to make more eco-bricks.

Under Water Lungs

Ever wondered how fish are able to breathe under water without lung? Join as at our science corner to learn all about this fascinating ability of fish's gills.

Time: 14:30

Cost: Entry fee only

Paper Plants

Planting new plants is a great way to help the Earth flourish. In this demonstration learn about biodegradable plant starters and how you can make your own.

Time: 14:30

Cost: Entry fee only

The Water Cycle

The earth has a limited amount of water. This water keeps going around and around in what we call the water cycle. Join us at the Science Corner to learn more as we create a model of the cycle.

Time: 14:30

Cost: Entry fee only
