Water safe to drink: City of Cape Town lifts precautionary boil notice for residents

The City of Cape Town has lifted the precautionary boil water before drinking notice, as the latest sampling results indicate the water is safe to drink and the discolouration experienced in parts of the eastern, central and southern suburbs has been resolved.

VRAAG:

Ons drink gewoonlik net die kraanwater in Kaapstad sonder om bekommerd te wees oor hoe veilig dit is om te drink.

1. Beskryf twee kriteria wat jy by die huis kan gebruik om te toets of jou water veilig is om te drink – sonder om dit te probeer en sonder om kommersiële produkte te gebruik.

2. As jy onseker is oor hoe veilig die water is, beskryf een manier waarop jy die water kan suiwer.

(Beskryf jou antwoorde in sinne)

Elke antwoord hierbo moet 'n minimum van twee sinne lank wees.
